

Call Transfer

There are two ways to transfer a call: Blind Transfer and Attended Transfer.

Blind Transfer:

- Press 【Flash】 button during the active conversation, the call will be on hold, there will be a dial tone.
Then dial the second telephone number
- Hang up to complete the transfer
- You will be disconnected from the call

Attended Transfer:

- Press 【Flash】 button during the active conversation, the call will be on hold, there will be a dial tone.
Then dial the second telephone number
- When the phone is answered, you can have a private conversation without the first person hearing it, then hang up to complete the transfer
- You will be disconnected from the call

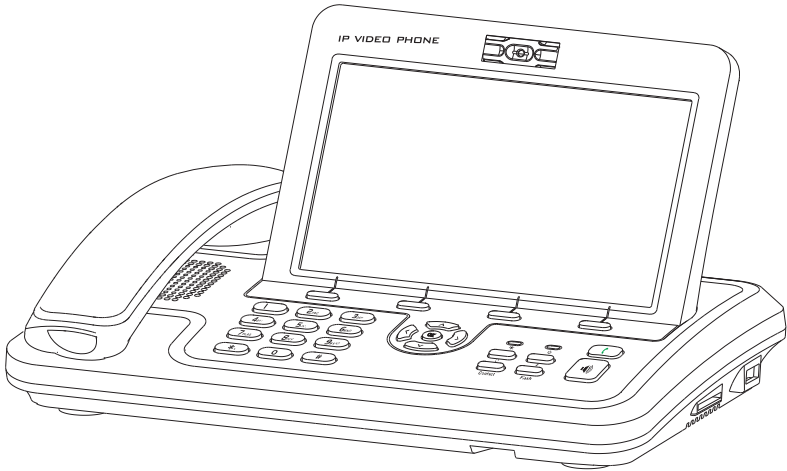

Call Forward

- Enter the Call Forward path: Control->Call Setting-> Forward
- There are 4 options: Disable, Always Forward, Busy Forward, and No Answer Forward
- If you choose one of them (except Cancel Forward), you need to enter the number you want to forward your calls to. And if you choose "No Answer Forward", you should also set the no answer times. Then press 【OK】 button to save the changes
